

DEUTSCHER HEALTHCARE

Concord - Harmony between people or groups

CONCORD BED RANGE FLOORLINE "Ultralow" BED RANGE

This 'state of the art' bed meets the requirements of both client and carer for comfort, safety, and reliability.

The automatic two speed lift mechanism allows the client to be raised from floor level to the desired height with ease.

High quality and smooth operation is achieved by the use of bearings on all moving parts.

The mattress base is available in both standard single and king single sizes.

Large 100mm diameter dual castors are standard on all **Concord** beds.

These features make the **Concord** bed ideal for all healthcare environments.

The **Concord** bed is designed and manufactured in Australia from the highest quality materials. It is tested to meet Australian and international standards (ISO 60601-2-52) and is DHHS compliant.

ABOUT DEUTSCHER HEALTHCARE

Deutscher Healthcare is a manufacturing company based in Ballarat, Victoria and has been in continuous operation for over 114 years. In earlier years, the parent company, HF. Deutscher Pty. Ltd., specialised in farm equipment and later moved into producing a range of mowers and outdoor power equipment, some of which is still manufactured today. The company is still owned and operated by the original family.

All products are designed and manufactured to a high quality, using first grade materials to ensure the product you buy meets Australian standard requirements; is safe, reliable and built to give trouble free service for many years to come.
